

LIVINGSTON ANNOUNCES COMMERCIAL AGREEMENT WITH KUWAIT AIRWAYS CORPORATION

An Airbus A330-200 of Livingston's fleet will be positioned in Kuwait on 12th June 2009

Livingston, the Italian private carrier for leisure flights, announces a trade agreement of international importance, with Kuwait Airways Corporation, the national carrier of the State of Kuwait.

After major audit involving several European airlines, Livingston was chosen by Kuwait Airways Corporation as a business partner in the aspect of its technical requirements and qualitative results obtained. The wet lease agreement provides the allotment of an Airbus A330-200, crews and Livingston technical staff in Kuwait and will operate with flight code "KU", on some of the scheduled flights of Kuwait Airways' network.

"We are very proud to have been chosen in an international context for qualitative results, to have responded fully to the technical and operational requirements. A recognition, which demonstrates the potential of Livingston, the excellent know-how of its team and the important confirmation of the high standards in terms of safety, applied by the company to all aircrafts in its fleet. Moreover, the important and strategic alliances signed in the last period with major players demonstrates that Livingston is projected to large collaborations and is repositioning its business to a new and large market", commented Giancarlo Celani, CEO of Livingston SpA.
